Assad Isah

FULL-STACK WEB DEVELOPER

Portfolio
Github
Email
LinkedIn

Full-stack web developer and open-source enthusiast with a strong focus on clean code and user-friendly design. Skilled in pair programming and remote work. Proficient in multiple languages, frameworks, and technologies, with a track record of quickly ramping up new tools and processes.

EDUCATION

MICROVERSE | Feb 2022 – Present
Remote Full Stack Web Development Program, *Full Time*
- Devoted over 1300 hours to mastering algorithms, data structures, and full-stack development, while concurrently building projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

ABU ZARIA, NIGERIA | Jan 2016 – Jan 2022
BSc, Computer Science
- Studied a range of computer science topics, including algorithms, data structures, programming languages, and software engineering
- Improved technical skills and knowledge of computer science concepts through coursework and practical projects
- Created a user-friendly and intuitive program to assist with mental health diagnosis in Java as my final project.

EXPERIENCE

MICROVERSE, *Remote*
Mentor (Volunteer) | April 2022 – Present
- Mentored junior web developers, providing technical support through code reviews.
- Proposed improvements to code organization to improve code quality and overall performance.

International Collegiate Programming Contest, *Abuja, Nigeria*
Coder |Oct 2019 – Nov 2019
- Participated in a team-based competition to solve complex problems using programming languages.
- Developed algorithms and wrote code to solve challenges within a set time limit.
- Demonstrated strong problem-solving and critical-thinking skills.

SKILLS

Front-End: JavaScript, React, Redux, HTML5, CSS3

Back-End: Ruby, Ruby on Rails, Nodejs

Tools & Methods: Git, GitHub, Heroku, Netlify, Mobile/Responsive Development

Professional: Remote Pair-Programming, Teamwork, Mentoring

PROJECTS

Portfolio
- My portfolio website, built to mimic the look and feel of the windows 95 Operating System.
- Built with: React, Redux

CryptoBazaar
- A mobile web application that provides live exchange rates for over a thousand cryptocurrencies through a RESTful API
- Built with: React, Redux, Axios.

Todo List
- A personal Todo list for keeping which users can use to keep tabs on their daily activities.
- Built with: HTML, CSS, Javascript, and Webpack.
